

THE SCOOP

The Scoop on The Lift

Bustang Outrider Craig to Denver Route to begin January 1, 2021
The Colorado Department of Transportation's Interregional Express (IX) bus service connects commuters along the I-25 Front Range and I-70 Mountain Corridors. By linking major local transit systems together, the Bustang service responds to demand from the traveling public to have a reliable transit alternative along the highest traveled corridors in the state. The Lift is a "Mask-Up" Zone!

Remember to do your part! While riding The Lift, please maintain 16 riders to a bus (50% capacity), wear a mask over your nose, keep windows open, and social distance when possible. Together, we can keep our transit system operating safely and our community open and healthy!

Parking for Curbside Service

Some short-term parking zones have been added along Hwy 40 to aid with curbside service. Customers can pull into these areas to pick-up or drop-off food, gear and supplies without leaving their car. These parking zones will be available through the duration of the winter season. Parking zones are located in front of Cooper Creek, on

each side of Wander's Way (in front of Epic Mountain Sports and Hideaway Brewery) and near Rollin' Street Bakery. **These are not official parking spots.**

Overnight Parking Reminder

Don't forget! There is no overnight parking allowed on Town streets until May 1. In the case of snow, there needs to be ample room for plows to push it off the roads.
