

## Highlights from the January 21 Town Council

### Meeting

---

#### Special Event Permit

Town Council approved a special event permit for the SIA/WWSRA On-Snow Demo, February 3-4 at Winter Park Resort. This is the ski industry's largest international on-snow demo that brings together the snow sports and winter outdoor gear companies, giving buyers and media the opportunities to test over 100 brands. The event is not open to the public.

---

#### Sister Cities Proclamation

The Town of Winter Park is working to establish a sister city relationship with the Village of Khumjung in Nepal. While the communities are very far away from each other, they share common alpine values and a similar history of leadership, adaptability, pioneering, and conservationism.

Council approved the language in the proclamation and an official presentation will take place at a later date.

---

#### Vacating a Right-of-Way

Fraser River Development Company (FRDC), the developer of Roam, has requested to vacate an unnamed right-of-way (ROW) located north of the new platted Ski Idlewild Road. The ROW is about 1,973 sq. ft. and is no longer required as the road is being extended to provide connectivity and will be dedicated to the Town. Council approved the second reading of this ordinance.

---

#### Contract Agreements

During this meeting, Council approved two contracts related to communications and marketing for our community.

- A general services contract with Slate Communications to provide communications and graphic design support for the Town.
- A professional services agreement with the Winter Park & Fraser Chamber of Commerce that covers marketing, special events operation and promotion, visitor center operation, and other support services as needed.
