

Safety Measure for Reopening Town Hall

Town hall will reopen to the public with safety measures in place on May 18th. Like we have done throughout COVID-19 related closures, residents can access town services without coming in-person to town hall by calling or emailing Town staff. We will continue to provide those options to all residents, including those in higher-risk health categories. As some town staff will continue to work remotely, you may wish to still consider calling and making an appointment prior to coming in-person to town hall.

In order to protect our staff members and residents we are implementing the following safety measures for public interactions at Town Hall.

- 1) We are asking the public coming into Town Hall to wear masks. We are making the table in the foyer a mask/sanitizing station and will have hand sanitizer and face masks available. As supplies are limited, we appreciate residents coming prepared with their own face mask or covering. The restrooms located at the front of the building will also be available for residents to wash their hands
- 2) Town staff will wear masks when interacting with members of the public
- 3) Town staff will utilize the conference room at the front of the building for public interactions, in order to limit unnecessary interactions with additional staff members
- 4) Town staff will sanitize and disinfect surfaces after each public interaction
- 5) Staff will utilize appropriate meeting space to allow for six feet of social distance
- 6) Staff members will refrain from coming to work in-person if they are ill
- 7) We will continue to ask the public to engage in meetings digitally in order to limit gatherings to 10 or fewer people

Reopening plans for the Rendezvous Even Center, Hideaway Park, Wolf Park, and the Police Station are independent plans and will be shared at the appropriate time. Additionally, Town staff will ensure that we remain in compliance with all state and county public health orders. For additional questions or assistance please contact Town staff at 970-726-8081.
