

Kings Crossing Road Open House

June 3, 2020

Thank you for attending our open house.

An open house is a difficult meeting to facilitate virtually. Yet, we still felt like we wanted to try our best to capture the same invitation to communication that an open house is intended to provide. For us that means a commitment to answering questions in as much of a personalized setting as possible.

With the number of folks joining us on Zoom today, we are worried that the built-in chat feature may not provide the best venue for ensuring that we are able to answer every question and follow-up with all of you sufficiently, so we are asking you to take a moment to send your questions directly to the Town by emailing them to ajanes@wpgov.com. We hope today's presentation will answer your questions.

We will have a short presentation that will begin at 5:45.

Overview of the meeting

- Meeting being conducted as an open house format
- COVID-19 influences on this meeting
- Intended to provide high level overview of the improvements being planned

What presentation **WILL** cover

- The roadway improvements that will be constructed in the coming year
- Impacts to trails and future connections
- Anticipated plans for the at-grade crossing

What presentation **will not** cover

- Litigation with Cornerstone Holdings, LLC
- Merits of the underpass versus an at-grade crossing
- Detailed financial position of the Town

Overview of Roadway Changes

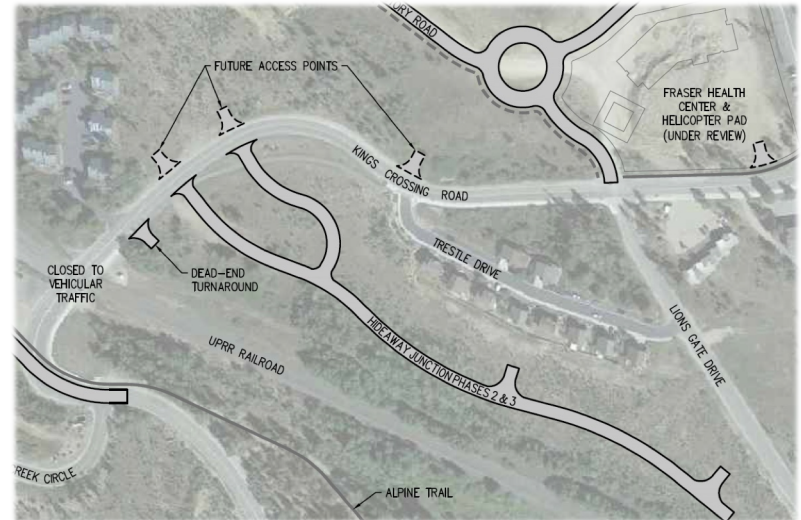

Future projects impacting Kings Crossing

Hideaway Junction Phase II

- Pursuing grant funding for infrastructure
- Will include construction of hammerhead at Solar Town Homes

Middle Park Medical Center

- Proposed medical facility to be constructed in coming years

Closing comments

- Questions or concerns can be emailed to AJanes@wpgov.com
- Residents are welcome to schedule an appointment to visit with Town staff to discuss specific questions
- Staff & Town engineers will be available in Council chambers until 7 pm

Thank you for attending

Presentation will be posted to Town's website tomorrow

Questions or concerns can be emailed to AJanes@wpgov.com
