## Living the Winter Park Lifestyle

The Town of Winter Park is an authentic, active mountain town in the central Rocky Mountains with neighborly full-time residents. Yet we're not too far from the metro area – you can be at Denver International Airport in 90 minutes. For this reason, we have many second homeowners, and our staff enjoys the perks of mountain life without being too far from the big city amenities.

Although maybe best known for our snow, we strive to be a four-season vacation destination, with great hiking and biking opportunities in the summer, plus rafting, fishing, horseback riding, camping, and the longest alpine slide in Colorado.
